

It is ALWAYS our top priority at La Bella Tanning Spa to offer the best experience and service daily! This includes sanitation and disinfection in our shop to protect the health and safety of our customers, our staff and our community. Part of our daily job is to disinfect our shop, equipment and commonly used surfaces. With the Coronavirus currently being at the forefront of everything we do, we wanted to reach out to share with you our updated protocols.

What we are doing:

1. We will be following the 10 person guideline. By minimizing the amount of people in the shop at any given time, this allows us to thoroughly disinfect after each customer.
2. If any of our staff feel sick or are showing any symptoms of being sick (no matter what it is) they will not be in the shop working.
3. We have increased the disinfecting of all surfaces that are touched in our shop to after each use, including door knobs, chairs, counter tops, equipment, credit card machine, pens, etc.
4. We have removed all extra items in and around our shop that multiple people may touch such as magazines, deodorant bottles, stickers, extra towels in the rooms, etc.
5. We have plenty of Hand Sanitizer and Clorox Wipes out and available for anyone to use at any time.
6. We are educating our entire staff on preventative procedures provided by the CDC.
7. We have increased sanitation and handwashing procedures for all staff members.
8. We are closely monitoring guidance from the Centers for Disease Control (CDC), the World Health Organization (WHO), the State of Colorado, Weld County and the Town of Johnstown.

What we encourage our customers to:

1. Wash your hands frequently for a minimum of 20 seconds and use provided hand sanitizer.
2. Avoid touching eyes, nose and mouth.
3. Avoid close contact with people who are sick.
4. Stay home when you are sick or have come in contact with a sick person.
5. Cover your nose or mouth when you cough or sneeze with a tissue. Dispose of the tissue and wash your hands for a minimum of 20 seconds for proper sanitation.
6. If you are interested in any of our boutique items and/or products on our shelves, please wash and/or sanitize your hands thoroughly prior to and after touching them.
7. To ensure we keep to the 10 person guideline please call us to schedule your appointment rather than walking in to avoid having to leave and return if we are full at the current time.

Please know that our staff are taking all necessary proactive measures to ensure the health and safety of all of our customers as well as ourselves. We have a very detailed Disinfecting Protocol that each team member is following as well as a detailed list of Disinfectants and Sanitizers we are using to thoroughly disinfect and sanitize the shop between EACH customer. If you would like to see our full protocol and/or the list of products we are using, please call us at 970-587-8011 or ask us to see it when you are in the shop.

This is a very trying time for everyone, public health and safety are very important to all of us and we want to Thank You for your trust in La Bella Tanning Spa. As of now we will continue to operate with our normal business hours. Please follow us on Facebook or give us a call for future updates.
